The amendment received 19 November 2007 has been made of record. Claims 1-2, 4-18 and 20-31 are pending.

Upon further consideration the indicated allowability of claims 3-27 of the previous office action is withdrawn.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 8, 14, 21, 22, 30 and 31 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Each of these claims refers to a “synergist” or a “synergistically effective amount”. However, no guidance is given as to what effect or property is synergistically modified.

Applicants have previously argued that the phrase “synergistically effective” is not per se indefinite. Applicants have not, however, addressed the issue of what is being modified or affected.

Claims 1, 2, 4-7, 9-13, 15-18, 20, and 23-29 are allowed.
